

Design Skills

- Figma
- Prototyping
- User Testing
- 3D Printing and Modeling
- Framer
- Codepen

Developer Skills

- React
- javascript
- Angular
- Automated QA
- Python
- Bootstrap
- javascript
- HTML5
- CSS3
- Node
- Arduino and Processing
- Git/Github

Personal Skills

- Excellent communication skills, especially with engineers and across cross-functional teams
- Highly intuitive, strong eye for design, attention to detail, and passion for creating quality products and experiences
- A deep drive to understand and empathize who we are designing for
